### PE Waiver

Florida state legislation requires students in grades 6-8 to take at least one semester of physical education each year. The legislation allows for parents to waive the requirement if the student meets at least one of the following: • The student is enrolled or required to enroll in a remedial course (waiver not required) • The parent requests that the student enroll in another elective course offered by the school at that grade level (if available). • The student is participating in physical activities outside of the school day that, which are equal or in excess of the mandated requirement.

\_\_\_\_\_ (initials) My child meets one of the above criteria and requests courses other than physical education.
